

Materials

FACE SHEET

- The white, non-woven face sheet is similar to 3M paper tape widely used for direct skin applications in hospitals worldwide.
- This material has been tested in an independent laboratory and found to be hypo-allergenic and to have zero dermal irritation to the skin.

ADHESIVE

- Aggressive medical grade adhesive increases adherence properties to make up for the 1/3 area that does not have adhesive.
- Enables the Hygienic Liner to stay in the ladies' swimsuit without leaving residue upon removal.
- Tested in an independent laboratory and determined to have zero dermal irritation.

Function

- The SWLR-1 Hygienic Liner is a tab cut Hygienic Liner with a pattern adhesive.
- Easy install with no adhesive on the tab.
- Protects swimwear from being soiled, so that garments will not be "marked out of stock".

Product Focus

- The SWLR-1 Hygienic Liner is designed **without any adhesive under the tab**. This increases the picking rate and reduces the time needed to both install and remove it from swimwear.
- Printed with English, French and German.

Availability & Shipping

- SWLR-1 Hygienic Liner is a stock item available for immediate shipment from our warehouses in California, Georgia and Hong Kong.
- This product is shipped worldwide.

Product Liability

- This product is covered under a two million dollar product liability insurance policy.
